Provincial Qualification Determination - Youth

Regina Soccer Association

Provincial Qualification Determination - Youth

Background:

The RSA must make a determination during the season in terms of which teams qualify to attend provincial competitions as administered by the Saskatchewan Soccer Association.

The purpose of this document is to outline how the league makes that decision, and the rulings in place to determine whether games count or not towards the provincial standings.

It is important for all coaches, managers, parents and interested parties to understand that the published league standings may not represent the provincial qualification standings. If there is a question about standings for provincial qualifications, they should be directed to the league office.

Rulings

Provincial qualification is based on league standings providing that a full round robin of games has been completed amongst all of the teams. If a full round robin is not achieved by the dates required by Sask. Soccer, then the results to the last full round robin will be used.

Any games played against teams that have since moved from the division, do not count.

Any games played against teams that have moved into the division will count towards the provincial qualifications, provided that the full round robin rules are maintained.

In a mixed division (i.e. U16 Division II and Under 14 Division I), only games played against teams registered within the same age and division will count towards provincial qualification.

Should teams from other districts play within the Regina League, those games will count towards provincial qualifications. However, a team from a district outside of Regina, cannot qualify for provincials representing Regina.

Teams qualify based on the league standings after the application of the above rulings. The number of berths available to any age division is dependent on Sask. Soccer. Teams

are awarded a berth based on their final standings. Should a team not qualify according to Sask. Soccer rules (i.e. an application not made in time), the Regina Soccer will select the next team in the standings for that berth.
